

151st ANNUAL REPORT

Most places react to problems, at Charleston Animal Society, we solve them.

What a sesquicentennial year it has been! Throughout 2024, we simultaneously marked our founding in 1874, while continuing to set lifesaving records throughout the year.

An organization is only as strong as its members- volunteers, donors, and adopters. Time and again, you have risen to the occasion when our community animals needed your love, compassion and financial support.

As we always say, YOU are Charleston Animal Society.

No Kill South Carolina: Mission Accomplished

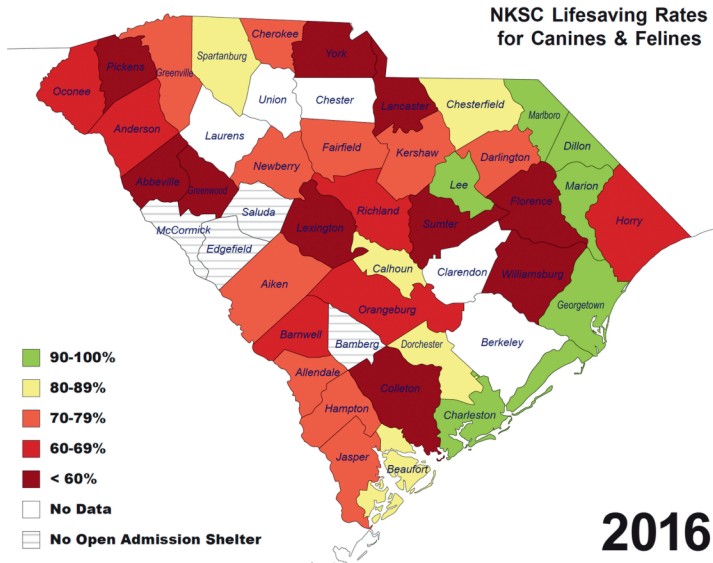

But Much Work Remains!

Petco Love's lifesaving investment has made NKSC and our annual statewide adoption event PickMe! SC possible!

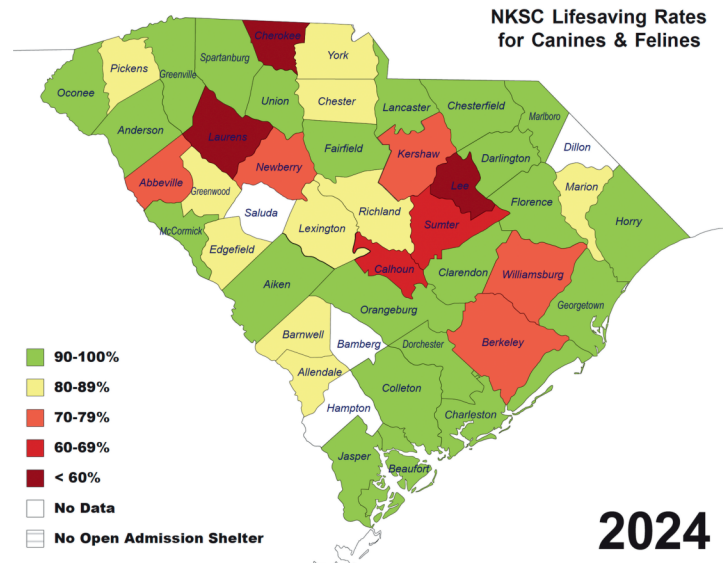

These statewide maps show the progress made by No Kill South Carolina (NKSC) between 2016 and 2024. For the first time, animal organizations in our state collectively reached a lifesaving milestone of 90%. As the graphic shows more of the state than ever before is turning green, thanks to NKSC lifesaving initiatives.
